

KEEP TROY BEAUTIFUL BUSINESS RECYCLING

Recycling at work can be as easy as recycling in the home and it helps to save space and reduce your business cost!

The City of Troy offers free recycling pickup for residents and businesses! Call 311 or submit a service request through the TROY 311 App to request a green recycling rollout cart or recycling trailer for your business or office!

WHY RECYCLE?

- Recycling reduces the amount of trash being placed in your dumpster. With less trash, your business may be able to reduce the frequency of your trash collection, decrease dumpster size, and **save money**.
- Recycling shows your customers and employees that your business cares. Recycling conserves natural resources, **saves money** and energy and reduces greenhouse gases.
- Recycling conserves natural resources such as trees, water and minerals — preserving the environment for future generations.
- Recycling helps to reduce the amount of litter in our City.
- No business is too big or too small to start recycling!

EXAMPLES OF RECYCLABLE ITEMS:

PAPER — cardboard, copy paper, newspaper, file folders, envelopes, magazines, catalogs, blueprints, pizza boxes, shredded paper (*bagged separately*), books, gift boxes, brown paper bags, construction paper, junk mail, etc.

PLASTIC (#1,2,4,5) — ALL plastic bottles & jars (beverage, soap, ketchup, peanut butter, etc.), yogurt cups, butter tubs, milk & water jugs, vitamin pill bottles, landscape pots, corrugated yard signs, storage bins & totes, laundry baskets, clean plastic paint buckets, 5-gallon pails, etc.

METAL—aluminum cans, steel food & beverage containers (no lids)

Call 311, Environmental Services at 334.566.1133, or Keep Troy Beautiful at 334.670.6058 for more information on business recycling!
